LOCATION: Festac, Lagos State, Nigeria.

SUMMARY

A results-driven Software Engineer with 5 years of experience in full-stack web development, specializing in Nuxt.js, Vue.js, Node.js, Bun.js, TypeScript, and microservices architecture. Proficient in database management with MySQL, PostgreSQL, and Redis. Strong background in building scalable web applications, APIs, and cloud-based solutions using Agile and Scrum methodologies. Passionate about solving complex problems with clean and efficient code.

CAREER OBJECTIVE

To leverage my technical expertise and experience in software development to design, develop, and deploy innovative solutions that drive organizational growth. I aim to work collaboratively in a dynamic team environment while continuously improving my skills and contributing to achieving set goals and objectives. My strong technical foundation, coupled with excellent communication and time management skills, enables me to contribute effectively to the success of any organization.

TECHNICAL SKILLS

- **Frontend:** Nuxt.js, Vue.js, JavaScript, TypeScript, Tailwind, Flutter(in-view)
- **Backend:** Node.js, Bun.js, Express.js, Microservices, Rust.
- **Databases:** MySQL, PostgreSQL, MongoDB, Oracle
- **DevOps & Tools:** Docker, Git, CI/CD, Nginx, RabbitMQ
- **Development Methodologies:** Agile, Scrum, Waterfall
- **Other Tools & Technologies:** RESTful APIs, GraphQL, Bash.

MAJOR PROJECTS

CRYPTO WALLET INTEGRATION

Developed a crypto wallet integration feature for a decentralized finance (DeFi) platform, enabling users to securely store and manage digital assets.

E-COMMERCE PLATFORM

Built a fully functional e-commerce website with user authentication, product catalog, and payment gateway integration.

CRYPTO WALLET INTEGRATION

Created a blogging platform using Node.js and MongoDB, allowing users to create, edit, and publish blog posts.

INVENTORY PLATFORM

Integrated frontend with backend APIs to handle real-time inventory updates, product listings, and transaction records, improving data accuracy and system efficiency.

ACHIEVEMENTS

- Successfully delivered a crypto project on time, contributing to a 20% increase in user engagement.
- Recognized for outstanding problem-solving skills and technical contributions during team projects.
- Improved application performance by 30% through code optimization and debugging.
- An Excellent news Broadcaster and an outstanding student journalist

WORK EXPERIENCE

ROQSOFT TECHNOLOGY – MID-LEVEL SOFTWARE ENGINEER

Awka Anambra State, Nigeria | January 2025 – Present

Key responsibilities

- Developed and maintained web applications using Vue.js and Node.js, focusing on clean and reusable code.
- Integrated third-party APIs to enhance application functionality and improve user engagement.
- Worked closely with the QA team to identify and resolve bugs, ensuring high-quality deliverables.
- Participated in the migration of legacy systems to modern frameworks, improving system efficiency by 25%.

INHOUSE CODES – JUNIOR SOFTWARE ENGINEER

Awka Anambra State, Nigeria | July 2022 – December 2024

Key responsibilities

- Developed and maintained a decentralized application (dApp) for a crypto project, focusing on front-end and back-end integration.
- Implemented smart contracts using Solidity and integrated them with the front-end using Web3.js.
- Collaborated with a remote team to ensure timely delivery of project milestones.
- Optimized application performance and security, ensuring seamless user experiences.

IGBOUKWU GIRLS SECONDARY SCHOOL- MATHEMATICS TEACHER

Igboukwu Anambra State, Nigeria | September 2022 – June 2023

Key responsibilities

- Planned and delivered engaging mathematics lessons.
- Assessed and monitored students' Academic progress.
- Managed Classroom Activities Effectively.

EKWULOBIA GIRLS SECONDARY SCHOOL- ROBOTICS & MATHEMATICS TEACHER

Ekwulobia Anambra State, Nigeria | September 2020 – June 2021

Key responsibilities

- Designed and delivered integrated lessons in Mathematics and Robotics
- Guided Students in Building and programming Robotics systems.
- Evaluated Student performance and provided individualized support.

EDUCATION

- B.Sc. Applied Mathematics Nnamdi Azikiwe University, Awka [**2015 – 2020**]
- Model Innovative School of Today [**2007 - 2013**] (**J.S.S.C.E. W.A.E.C**)
- Primary School Eziagulu Ekwulobia, Anambra State.
[**2000 – 2006**]

LANGUAGES

Fluent in English & Igbo language.
